

ICCEET 2026

International Conference on Creative Engineering & Emerging Technologies

Engineering a Greener Carbon-Free World

► About the Conference

The College of Engineering and Architecture at the University of Nizwa proudly invites scholars, researchers, professionals, and students to participate in the inaugural International Conference on Creative Engineering and Emerging Technologies (ICCEET 2026). This global forum aims to foster innovative and interdisciplinary research collaborations under the central theme: "Engineering a Greener Carbon-Free World."

The event will feature keynote lectures, technical sessions, and networking opportunities, offering a platform to exchange pioneering ideas and cutting-edge research across diverse engineering domains.

The conference timeline

15 July 2025

Conference Announcement & Website Launch

1 September 2025

Full Paper Submission Opens

1 December 2025

Full Paper Submission Deadline

15 January 2026

Notification of Acceptance

15 February 2026

Camera-Ready Submission Deadline

10 April 2026

Final Program Announcement

27–29 April 2026

Conference Dates

► Conference Tracks

-  1 Green Hydrogen & Net-Zero Systems.
-  2 Environmental Innovation.
-  3 Sustainable Smart Cities & Infrastructure.
-  4 Electrical, Electronic & Computer Advances.
-  5 Bio-innovations in materials and regenerative engineering
-  6 Undergraduate research and innovation

University of Nizwa, Oman

27–29 April 2026
