

## Dr. Sulaiman AlHashmi

Head, Laboratory for Stem Cell Research & Regenerative Medicine

*Natural and Medical Sciences Research Center*

*University of Nizwa, Sultanate of Oman*

Telephone: (+968)25446362

Extension: 362

eMail: sahashmi@unizwa.edu.om

Fax: (+968)25446612

Dr. Sulaiman received his B.Sc. degree in Chemistry from Sultan Qaboos University (SQU), Sultanate of Oman in 1994. At the same year he was appointed as biomedical scientist at the National Tissue Typing Laboratory at SQU and he being in-charge of the lab for many years. During his employment, Sulaiman did his M.Sc. degree in Transfusion and Transplantation Sciences at the University of Bristol, United Kingdom in 2000. In 2006, Sulaiman started a training program at Lund University Stem Cell Center (SCC) for 14 months, focusing on stem cell biology. He worked on stem cell differentiation and proliferation using different techniques, including cell culture, flow cytometry, cell sorting and cell staining methods. After that Sulaiman moved to Karolinska Institute and he finished his PhD degree there in 2011 on the pathophysiological aspects of transplantation-related complications following busulphan/cyclophosphamide conditioning regimen in mouse model.
