Dr. S.M.Emdad Hossain

Head of Information Systems Department, Assistant Professor

Department of Information Systems........

College of Economics, Management and Information Systems

University of Nizwa, Sultanate of Oman

Extension: 434

eMail: emdad.hossain@unizwa.edu.om

Office Location: 11-H-17.

Time at UoN: Since 2016

Marital Status: .....

Dr. S.M. Emdad Hossain currently an Assistant Professor in the department of Information Systems, College of Economics, Management and Information Systems, University of Nizwa. He has received his PhD degree in Information Science and Engineering from University of Canberra, Australia. He has diverse educational and teaching experience from number of countries around the globe. He spent his secondary school life in Bangladesh, and completed his higher secondary school and Bachelor (Hons) in Malaysia. After five years of extensive experience in teaching and research in Australia; he moved to United States with new offer as Research Scientist in Embry Riddle Aeronautical University, Florida, USA. He is in the technical review committees and regular reviewer for several IEEE, Elsevier, ISI, and IET journals/conferences. His research interest includes multi-modal systems, computer vision, pattern recognition, data mining, medical image computing and mobile banking. He has 22 fully refereed Journal and Conference publications with a book chapter and 3 Intellectual PATENTS in pattern recognition and mobile banking. He is highly interested in seeking wide and interdisciplinary collaborations in teaching and research.

Research Gate

Academic Qualifications

Post-Doc, Embry Riddle Aeronautical University, USA, 2015

PhD, University of Canberra, Australia, 2014

Teaching Activities

Information Systems in Organization

Database Design

Systems Analysis and Modelling

Security and Support in IT

Information Technology for the Workplace

System and Project Quality Management

Global E-Commerce

E-Business Strategy, Architecture and Design

Intro to Information Systems

Information Systems Analysis

Systems Analysis and Design

Research Activities
- Research Interests

Pattern Recognition, Computer Vision, Bio-metric Analysis, Soft-Medical Technology

- Publications

Faculty Administrative Experience

2019 - Present: Program Coordinator - Department of Information System

2017 - 2019: Department Convener - Department of Information Systems

Membership in Professional Bodies

2017-Present: IEEE

Award and Recognitions

2011 Patent: "Full Version Banking Through Cell Phone Device in Australia (Mobile Banking)" August 2011, Australia

2011 Patent: "Mobile Banking Systems Through Cell Phone Operator" February 2011, Bangladesh

2011 Patent: Biometric identity verification based on face and gait fusion, November 2011, Australia IP no: 2011101355

2011 Finalist: 3MT (3 Minute Thesis: Present the complete thesis in 3 minutes!)

2011 Best Paper of the Conference: S.M.E. Hossain, G. Chetty, Next Generation Identity Verification Based on Face and Gait Biometrics, International Conference on Biomedical Engineering and Technology (ICBET-2011), Kuala Lampur.
