

Dr. Ali Mohtashami

Assistant Professor

Engineering Research Team..

UNESCO Chair on Aflaj Studies and Socio-hydrology

University of Nizwa, Sultanate of Oman

Telephone: (+968)871

Extension: 871

eMail: mohtashami@unizwa.edu.om

Office Location: 25B G-02..

Time at UoN: Since 2022

Marital Status: Married..

Ali Mohtashami received his BSc in Civil Engineering from the University of Isfahan in 2014. Then he was accepted to the University of Birjand, from which he obtained his MSc in Civil Engineering, Water Resources Management in 2017, and then he got his PhD certificate from the University of Sistan and Baluchestan in 2021. His PhD thesis was on the application of the data assimilation method in the meshless local Petrov-Galerkin groundwater flow simulation model. During his PhD, he was awarded as the top student by the University of Sistan and Baluchestan, Faculty of Engineering. He is currently an assistant professor in the UNESCO chair of Aflaj studies and Socio-Hydrology (UCASAS) at the University of Nizwa. He is a referee for more than 20 civil, water resources, and agricultural journals. He has authored or co-authored over 31 scientific papers, two books, and 5 research projects.

Academic Qualifications

PhD of Civil Engineering , University of Sistan and Baluchestan, 2021

MSc, Civil Engineering, University of Birjand, 2017

BSc, University of Isfahan, 2014

Teaching Activities

Lecturer in Birjand University of Technology, Courses: Fluid Dynamics, Hydraulic of Open Channels, Water and Waste water Treatment,, 2021-2022

Lecturer in University of Birjand, Courses: Water Machines, 2022-2023

Lecturer at Bozorgmehr University of Qaenat, Courses: Environmental Engineering, Fluid Dynamics, 2021-2022

Lecturer in Birjand University of Technology, Courses: Fluid Dynamics, Hydraulic of Open Channels, 2022-2023

Environmental Informatics, Fall 2023

Fundamentals of Air Pollution, Fall 2023

Energy and Environment, Spring 2024

Hydrology and Hydraulic, Spring 2024

Water Supply and Sewer Drainage Systems, Fall 2024

Aflaj Oman for Engineers, Spring 2025

Environmental Informatics, Spring 2025

Research Activities

- *Research Interests*

Groundwater

Numerical Method

Aflaj Knowledge

Quality Modeling

Modeling and Simulation

- *Conference Presentations*

Estimation groundwater balance with using meshless local Petrov-Galerkin, ``. 1st National Conference on Modelling and New Technologies in Water Management, 2018

- *Conference Attendance*

15th GCC Water Conference, Doha, Qatar, 28/04/2024

- Publications

Book:

1. 2023 Novel Methods for Groundwater Management
2. 2020 Introduction to Groundwater Flow Modelling (Finite Element, Isogeometric and Meshless Methods)

Consultancy Activities

Research Expert, Regional Water Company, 2021- 2022

Membership in Professional Bodies

2022-Present: • Iranian Hydraulic Association

2021-Present: • Iranian Water Resources Management

2021-Present: • Iranian Rainwater Catchments Systems Association

2021-Present: • Iranian Water and Waste Water Association

Award and Recognitions

2022 Elite Graduate Student of Engineering Faculty in University of Sistan & Baluchestan

2020 Top Student of Engineering Faculty of Univesity of Sistan and Baluchestan

...
