Teaching Philosophy: I believe that learning needs to be student centered and learning should be engaging and exciting for students and teachers. Also I agree that teaching is the most important service where I can develop a generation to help their own fellow-beings. I am always trying to help students to develop knowledge, attitude, and skills in economic, social, and administrative areas so that they can help their patients and they will be able to cooperate with health care professionals and even with the society.

Position: Clinical Instructor

Qualification (Degree of University): MPharm, Bpharm

Area of Specialization: Clinical Pharmacy Practice: Teaching, Hospital and clinical pharmacy services. Clinical Research. Clinical data management. Drug safety Monitoring/ Pharmacovigilance. Regulatory Affairs.
